Herstellerbescheinigung

Nummer: 0001388 Version: 04 Datum: 15.02.2023

Goodyear Germany GmbH hat die Freigängigkeitsprüfung an dem beschriebenen Fahrzeug durchgeführt. Die Freigängigkeitsprüfung wurde an serienmäßigen Fahrzeugen vorab durchgeführt. Eine Behinderung der Bewegung des Rades/der Räder konnte nicht festgestellt werden.

Die dynamische Ausdehnung der geänderten Reifenbauart führt zu keiner Behinderung der Bewegung des Rades / der Räder.

Die Reifen sind auf den Serien-Felgen uneingeschränkt montierbar.

Das Fahrverhalten wurde durch fahrdynamische Tests bis zur Höchstgeschwindigkeit mit der geänderten Bereifung durchgeführt. Es ergaben sich hierbei keine negativen Veränderungen.

Die in dieser Herstellerbescheinigung aufgeführten Reifen haben eine Bauteilgenehmigung nach ECER Regelung 75.

Die angegebene Bereifung stimmt nicht mit der Angabe in der Zulassungsbescheinigung Teil I, der Datenbestätigung, der Übereinstimmungs-Bescheinigung CoC oder der Fahrzeuggenehmigung überein. Bei Montage der Reifen liegt somit eine Änderung und damit ein Erlöschen der Betriebserlaubnis nach § 19 (2) StVZO vor. Entspricht das Fahrzeug ansonsten dem genehmigten Zustand, ist eine Begutachtung gemäß § 21 auf Grund 19 (2) StVZO möglich und nach Umbau unverzüglich erforderlich.

Die Verwendung der aufgeführten Reifenkombinationen setzt voraus, dass sich das oben beschriebene Fahrzeug im unveränderten Originalzustand befindet.

Die Freigängigkeitsprüfung wurde an serienmäßigen Fahrzeugen vorab durchgeführt. Eine Behinderung der Bewegung des Rades/der Räder konnte nicht festgestellt werden.

Die dynamische Ausdehnung der geänderten Reifenbauart führt zu keiner Behinderung der Bewegung des Rades / der Räder.
